

RADIUS ANESTHESIA

AMBULATORY ANESTHESIA SERVICES FOR GREATER NEW YORK

(646) 887 – 7984 | info@radiusanesthesia.com | www.radiusanesthesia.com

Radius Anesthesia Services PLLC was founded by an anesthesiologist with the objective of providing exceptional anesthesia care and peri-operative services to the patients of the Greater New York City area. We offer a comprehensive approach to anesthesia services that starts with exceptional recruiting. Our anesthesiologists are experienced, board-certified and have impeccable bedside manners. Our schedule is centered around the convenience of our surgical clients. We can provide anesthesia services for an entire day or half a day. Operate on weekends? Not an issue. Radius will cover your cases.

Radius is the anesthesia practice of choice for New York surgical facilities. Our dedication to quality, attention to detail, client service and exceptional anesthesiologists make us the peri-operative partner you are looking for.

EQUIPMENT

Our certified anesthesia technologists will make sure your facility is stocked with the appropriate level of anesthesia supplies. Our equipment is biomed inspected at regular intervals. Storage space is optimized and our techs are always around to lend a hand with any issues or answer any questions.

EXPERIENCED BILLING

Radius Anesthesia Services has an experienced billing team. We bill for services in a compliant and patient friendly manner. We work with client facilities to reduce the burden on their staff to provide us with the necessary information to bill for our services. We can either obtain access to necessary data from the client EMR as a HIPAA-compliant business associate or receive information in paper format in a HIPAA compliant manner.

PROFESSIONALS

Radius Anesthesia Services PLLC has a dedicated management team led by an anesthesiologist and consisting of professionals with impeccable educational backgrounds and work histories. Our service quality is defined by the clinical excellence of our anesthesiologists along with the management support provided by our administrative staff. Coming from diverse backgrounds, members of our management team are all experienced with healthcare and passionate about it. We strive to recruit the best management professionals we can find to provide the highest quality service to our clients.

SERVICES

RECRUITING

Radius Anesthesia Services recruits qualified, experienced, board-certified anesthesiologists. We work with over forty anesthesiologists in the New York area. All have extensive experience with ambulatory anesthesia.

STAFFING

We strive to provide continuity of care and consistent coverage. Our clients become comfortable with the same anesthesiologist for their cases.

BILLING

Radius Anesthesia performs its own billing in-house in a compliant and patient friendly manner.

SUPPLY MANAGEMENT

We manage equipment, medications and supplies for anesthesia in a highly organized manner. Our certified anesthesia technologists will ensure functioning equipment and current and adequate supplies.

COMPLIANCE

Radius Anesthesia ensures compliance with OBS guidelines published by all recognized accrediting organizations such as AAAASF, AAAHC and the Joint Commission for ambulatory surgical environments.

CLIENTS

Radius Anesthesia Services is dedicated to client satisfaction. Our goal is to complement your practice by providing peri-operative services that are second to none. Our anesthesiologists are experienced with the outpatient setting and comfortable and confident with sedating patients independently in the office-based setting. We work with over forty board-certified anesthesiologists in the Greater New York area. We take great pride in the quality of our physicians and are privileged to work with such an exemplary group of healthcare professionals.

Our services are comprehensive and include scheduling the same anesthesiologist whenever possible to ensure continuity of care. We will ensure your office or surgery center has all requisite and current credentials on file for all the anesthesiologists that service your patients. We provide and manage all anesthesia medications, equipment and supplies needed for anesthesia in the office-based setting. Our certified anesthesia technologists track inventory meticulously. We have backup equipment readily available if needed. Billing and collections are performed "in-house" and in a compliant and patient friendly manner. We are readily available to answer any questions patients may have regarding billing either before their procedure or afterwards.

We have extensive experience with the accreditation requirements of the Joint Commission, AAAHC and AAAASF. We have taken part in numerous surveys and have made sure that all the anesthesia related requirements for office-based surgery are satisfied. We take great pride in patient safety, our utmost priority.

No matter what your schedule, we will strive to accommodate it. Weekend procedures? No problem. We will satisfy your coverage needs.

We do not send post-call anesthesiologists to cover your cases. The anesthesiologist will be well rested and free of all obligations other than to provide your patients with great care and the undivided attention that is their right. The anesthesiologist will not be scheduled for early morning cases before they arrive at your facility. We are punctual. They will stay until the last patient has left your facility in stable condition and satisfied with the care they received.

It is our privilege to provide anesthesia care to the wonderful patients of New York and to assist the exemplary surgeons of our world-class community.
